

# Environmental Mission Statement

## We aim to:

- Prevent and reduce pollution, including reducing CO2 emissions by 2.5% year on year.
- Target zero waste to landfill for our EOL service.
- Drive collaborations with customers to ensure the circulation of components, products and materials at their highest value - supporting the circular economy.
- Fulfill all applicable regulatory and other obligations in terms of environmental protection as the bare minimum level of performance.
- Comply with all permits issued under Local Authority Pollution Prevention and Control legislation.
- Encourage employee contributions, views, involvement, and dialogue in all environmental matters. We will provide suitable training and support to all employees in relation to this statement, giving them ownership and pride in achieving our objectives and goals and recognising contribution as part of a fulfilling career at ecube.
- Ensure that stakeholders in our business are aware of our Environmental Mission Statement and that the standards are promoted to our suppliers, partners, and customers, encouraging others to implement environmental management measures in their own businesses.
- Manage water in a way that conserves this scarce resource by minimising unnecessary water consumption.
- Periodically evaluate our activities to identify significant environmental concerns and put in place management action plans.
- Manage our land holdings to promote biodiversity and conserve the natural environment.
